Introduction

*"Why, man, he doth bstride the narrow world
Like a Colussus; and we petty men
Walk under his huge legs, and peep about
To find ourselves dishonorable graves.
Men at some time are masters of their fates:
The fault, dear Brutus, is not in our stars,
But in ourselves, that we are underlings."*

Julius Caesar (1599) act 1, scene 2 Shakespeare

The subject of Fate or Destiny has triggered many a philosophical argument. What is destiny? Are the details of our lives pre-destined? How much free will do we really have? These are imponderable questions. This report does not offer the answers. Rather it gives us some signposts to help us on our life journey.

When meteorologists forecast the weather we understand that they are not telling us how to live our lives. Rather they are giving us information that may help us make our own decisions. As far as the weather is concerned our major decisions are whether or not to dress warmly or to take an umbrella. The astrological system of Transits is offering us much the same information. It is giving us an indication of the emotional and intellectual weather of our lives. It is up to us to decide our own destiny.

When using this set of interpretations, please bear in mind that, inevitably, every chart will contain some contradictory influences, and as a result certain interpretations of different items in the same chart may seem difficult to reconcile. However, this may still be an accurate reflection of what is happening to the individual whose transits are being interpreted, as people do experience conflicting desires, events and circumstances in their lives. It is the responsibility of the astrologer to synthesise these apparent contradictions in order to present a cohesive and realistic interpretation of the dilemmas of the chart.

Each entry in this report relates to an astrological event that affects the natal chart for this individual. The entries are sorted by the exact date on which each event occurs, and the period of time around this date during which the events are considered to be in effect is shown in parentheses on the same line. Note that due to occasional retrograde motion of some planets, some events may be exact on two or more dates, and in this case all such dates are listed on the same line. Also, any events which are not exact within the report period, but whose period of effectiveness overlaps with the report period are included.

17 Sep 2023 and 3 Nov 2023 (26 Jul 2023 to 20 Dec 2023)

TRANSITING PLUTO SQUARE RADIX MERCURY - If you are an assertive individual then you could be quite feisty about expressing your opinions during this phase. If you are normally quite shy then you may gain new confidence to speak out more. Your mind is more active than usual and you feel the need to express yourself in new ways. In some cases you may find that your mind is too active, that you have too many ideas, too many tasks that you are juggling and too many claims on your time. As a result you may not be responding to situations and other people with your usual calm demeanour. You are impatient, perhaps somewhat crabby at times. As a result you need to be careful of saying things that you don't mean to your loved ones and work associates. They can back fire on you later. You would be better advised to follow the old adage of "counting to ten" before stating what you think in the hope that you can avoid emotional arguments. You may find, however, that your tongue runs away with itself and you unwittingly hurt other people's feelings. It could also be that someone else is upsetting you through their lack of tact and diplomacy. Whatever the circumstances it is best to take a detached approach to problems where possible. You could benefit from joining a debating team or starting a study course if you feel the need to sharpen your mind. This is the ideal time to make sure that your diary is fully utilized, to make lists of priorities and perhaps even to start writing a journal. A creative project that makes the most of your mental skills or that encourages the use of your new insights will be greatly rewarding. For instance if you have ever wanted to be a writer or study something new now is a good time. Laughter is also a great way of easing tension, so make sure your sense of humour is expressed.

TRANSITING PLUTO SQUARE RADIX NEPTUNE - During this time you may feel disoriented as you feel impelled to deeply question long-held beliefs. You may find yourself suddenly exploring the deeper meaning of life as never before. It is possible that your life will change during this transit in ways which could not be foreseen. Perhaps you will experience the death of someone close to your heart, or it may be simply that you feel that something has metaphorically died in your life. Either way you may start to question life after death, and other spiritual matters. You may also have psychic experiences. It is possible for you to find both creative and spiritual avenues to satisfy your yearning for greater meaning. This will help you avoid the feelings of confusion which seem to arise from deep within.

5 Dec 2023 (22 Oct 2023 to 18 Jan 2024)

TRANSITING NEPTUNE OPPOSITION RADIX MARS - It's time to slow down and take stock of your life. Whenever possible you need to offload your responsibilities to make way for such much needed rest and recreation. Of course, you should not shirk your responsibilities, however; you need to ensure that you have time for quiet reflection. There are times in life when we need to forge ahead with our goals, plans and projects and there are other moments when we need to reflect on these things. This is a time for contemplation and perhaps, reassessment of your goals and your definition of success. Not all will be as it appears, and yet the truth may not be revealed until after the period ends. Someone may try to make you a victim and you may lack the energy to assert yourself, or perhaps someone is simply not their usual self and you don't know why. If you have been pushing ahead with material success, then you may be challenged to view life from a more spiritual perspective. On the other hand you may feel the urge to take up a creative hobby or start an arts project. If you try to set a fast pace for yourself, or others, during this phase then you may find that you lack the energy to achieve your goals. You may suffer from a debilitating sense of lethargy. Goals and ambitions, which seemed important in the past, can lose their attraction leaving you lacking in motivation. You may feel tired and unwell. It is not a good time to take on extra responsibilities, or to be making business decisions or long-term commitments. Rather it would be better to relax and rest. Remember that you are feeling particularly pessimistic during this time, but it won't last. Creative and spiritual activities may be soothing. You may also benefit from taking up a water sport, artistic hobby or metaphysical interest. Hence the warnings to avoid making serious long-term commitments. By the end of the transit you will have learnt the wisdom of inaction, as much as the need for action.

15 Dec 2023 and 8 Mar 2024 (19 Nov 2023 to 1 Apr 2024)

TRANSITING URANUS CONJUNCTION RADIX MOON - If you like surprises then you will like this phase of your life. However, if you react adversely to change then you may find this period a bit challenging. Routines can be comforting but they can also get a little stale. During this phase of your life you are being challenged to discard outdated habits and strike out in new directions. During this time of discovery you will learn that the old ways are not necessarily the best ways. This may a change in diet or lifestyle, or it could involve something more dramatic such as breaking away from parental or authoritarian influences. You may change your residence, moving to a place that offers you more independence from friends and family. Whatever the scenario you need to follow your newfound urge for change and emotional freedom. It is important that you continue to consider the needs and wishes of other people. However, you need to balance this with your own needs for independence and excitement. Your loved ones may feel a little surprised, even

insecure, as they witness you change. You need to reassure them while continuing to explore. The path to emotional freedom may not be smooth. You may undergo times of uncertainty, frustration, moodiness and irritation as you attempt to change your patterns of behaviour. Your loved ones may not immediately respond positively to your need for change. Your home life may be in disarray. However, your intuition is strong during this transit and you can use your inner knowledge to pursue an emotionally fulfilling path which respects both your needs and the needs of loved ones.

26 Jan 2024 (13 Dec 2023 to 10 Mar 2024)

TRANSITING URANUS OPPOSITION RADIX SATURN - Life is fraught with tension and instability as familiar patterns in your life are broken down. No matter how hard you try to get life on a firmer footing, there will be disruptions. You would be better to remain as flexible and positive as possible, otherwise your confidence will be severely tested. This is easier said than done during this transit, so do not fret if you feel a little shaky. It will pass and you will eventually appreciate the new turn of events.

23 Jan 2024 (22 Dec 2023 to 25 Feb 2024)

TRANSITING PLUTO CONJUNCTION RADIX CHIRON - Right now you have the opportunity to transform your life in a very positive manner. However, first you have to face some "home truths". You are being compelled to delve into your own emotional nature and ensure that your personal needs are being met. This compulsion may emerge from within or could be triggered by an external event or a loved one. Whatever the motivating factor, the bottom line is that you are being challenged to reassess your personal life. This can be a deeply rewarding experience with opportunities to forgive past failures, both your own and other people's. Ultimately this process paves the way for a rich and rewarding life, but it could be somewhat upsetting at first. You could learn to think of this period as being similar to the birthing process. Childbirth is a deeply challenging and painful experience, but the end result is the wonder and beauty of new life. You are, metaphorically speaking, going through something similar. Perhaps a painful memory will be forced to the surface by current events, or perhaps something happens to trigger emotional pain. Either way you are required to delve within for answers and to try new methods of handling your problems. It is important that you treat yourself lovingly and surround yourself with others who will love you. You now have the potential to heal problems that have held you back in life. Therapy, counseling or alternative healing methods may be helpful. You may also benefit from communing with nature. By the end of this period you will have gained insights that will help you in the rest of your life.

TRANSITING SATURN TRINE RADIX MIDHEAVEN - Currently you have a chance to advance your life goals and achieve success in your public life. You may receive recognition for your contribution within your chosen profession through a promotion or an award. Alternatively you may simply have the opportunity to advance your career goals through a new project or a change of job focus. Important people may contribute to your success. Your status may change. For instance you may become a parent, or you may successfully launch your child into the world as a young adult. Whatever your choice of lifestyle, you currently have the ability to work steadily and successfully towards establishing your profession or making the necessary adjustments to keep your ambitions on track.

TRANSITING PLUTO OPPOSITION RADIX URANUS - Sudden change marks this period. You may welcome the upheavals, but it is more likely that you will feel unsettled and somewhat resentful that external events, or other people, have disrupted your life. Unusual people may also enter your life challenging your comfortable routine. During this period you may experience new and exciting changes, but you may also feel stressed and nervous. You would be wise to make sure that you take time out for rest, and perhaps use the energies of this transit to try new and healthy routines.

TRANSITING CHIRON OPPOSITION RADIX VENUS - Your relationship with your partner is a source of pain either through your partner's actions or an external event. It is true that this person or event has opened some inner wound, but you have the opportunity now to heal the past and move forward. You need to be aware of the fact that the other person or the event may not have been intended to hurt you. It is simply that they have triggered a deep, sub-conscious memory which is causing you pain. In a strange fashion this present pain is a gift as it allows you to delve deep within your own nature for solutions. This transit can be linked to emotional pain, but it is also possible that your partner or a loved one is suffering from a physical illness. Either way it is important that you nurture yourself and your loved ones. You can use many different avenues to alleviate your troubles, ranging from simply surrounding yourself with compassionate friends, to exploring alternative healing and therapies. It

is important that you treat yourself and others kindly as this can be an acutely painful time. Your dreams may also hold keys to your present-day predicament. Tears may flow, but it is ultimately a time of healing and education. In some cases it is possible that your partner is undergoing a transformation, clearing old emotional wounds from their past, which positively affects your life.

TRANSITING JUPITER OPPOSITION RADIX SATURN - At the moment it seems as if obstacles are standing in your path, making life seem like hard work. The trouble is that you are currently feeling the need to expand your horizons, but are finding it difficult to find the right way forward. Perhaps you are going overboard in your efforts to get your own way, failing to negotiate with others who depend on you or work with you. Or perhaps others are truly blocking your path. Either way now is the time to carefully consider the consequences of any actions. You need to make sure that you build on the positives in your life, paying attention to the building blocks that support your success. Otherwise you are likely to alienate those who would usually support you and discard the very things that have sustained you. Slowly, and with patience, you can incorporate the changes that you want, although compromise may be to your benefit, as well as your colleagues, friends and loved ones..

TRANSITING JUPITER CONJUNCTION RADIX MOON - This is a feel-good transit. In other words you feel good about yourself, your life and your loved ones. As a result you are particularly warm and loving. Your contentment is obvious to your loved ones, and they want to spend time with you. Right now you know how to have a good time, and indulge yourself. The only concern is the tendency to go to extremes. You need to be wary of over-indulgence in all things. The temptation is to express your feelings and indulge yourself with no restraint or consideration for others. However, if you can keep a balanced outlook then you and your loved ones benefit from your generous and optimistic outlook. It is also possible that you use this time to make your life, in particular, your home more comfortable. This could simply be purchasing more comfortable furniture and furnishings, or you may make plans to move to a home more suited to your current needs. Your family life may expand in some way. Perhaps a family member will come to stay or perhaps you will give birth to a child. Either way you are likely to welcome these changes. This is a positive move, as long as you take everyone's needs into consideration.

30 Jul 2024 (25 Jul 2024 to 5 Aug 2024)

TRANSITING JUPITER TRINE RADIX ASCENDANT - This is a favourable time for your health and happiness. Right now you can enjoy joyful occasions, benevolent friends and pleasurable pursuits. You may travel abroad, study a subject that has always fascinated you, achieve success and awards, or simply sit back and enjoy peace of mind. You may enjoy socialising more right now, perhaps with people in the higher echelons of society. Your social contacts may benefit your life. People in high places may bestow gifts on you. If you are married then your spouse may be particularly supportive. Now is an ideal time to start a healthy diet or exercise regime, particularly as you are apt to put on weight through too much good food and socialising. Self-improvement courses may also attract you, as you feel generally good about yourself and your relationships. You may also take on a teaching role during this time. Generally speaking this is a time where you learn more about yourself, experience the benefits of good relations and have the ability to make your mark on the world.

TRANSITING JUPITER OPPOSITION RADIX NORTH NODE - Relations with other people, either individuals or groups, can be stressful during this transit. It is time to reassess your connections with individuals and groups with a view to moving on with your life's purpose. Any individual or group standing in your path is liable to be pushed out of the way, as you seek new experiences. Of course it is not easy to let go of links from the past, particularly if one feels frightened of new experiences without the safety of past alliances. If you can focus on the future rather than the past, you will discover that as one door shuts another opens. These connections are more likely to be your social or group associations rather than intimate ones. It could mean reassessing your life goals.

20 Nov 2024 and 6 Feb 2025 (26 Oct 2024 to 2 Mar 2025)

TRANSITING CHIRON OPPOSITION RADIX VENUS - Your relationship with your partner is a source of pain either through your partner's actions or an external event. It is true that this person or event has opened some inner wound, but you have the opportunity now to heal the past and move forward. You need to be aware of the fact that the other person or the event may not have been intended to hurt you. It is simply that they have triggered a deep, sub-conscious memory which is causing you pain. In a strange fashion this present pain is a gift as it allows you to delve deep within your own nature for solutions. This transit can be linked to emotional pain, but it is also possible that your partner or a loved one is suffering from a physical illness. Either way it is important that you nurture yourself and your loved ones. You can use many different avenues to alleviate your troubles, ranging from simply surrounding yourself with compassionate friends, to exploring alternative healing and therapies. It is important that you treat yourself and others kindly as this can be an acutely painful time. Your dreams may also hold keys to your present-day predicament. Tears may flow, but it is ultimately a time of healing and education. In some cases it is possible that your partner is undergoing a transformation, clearing old emotional wounds from

their past, which positively affects your life.
